MISS AGNES LUMM, WHO WILL BE A JUNE BRIDE.
—McCullough, Berkeley, Photo.

NE naturally looks to the Ebell Club for unusual entertainments. It's probably the development of intellect in the club. Affairs are planned with a degree of thought and inspiration that one doesn't find in purely frivolous sets.

Anyway, last Thursday there was a Spanish party that was delightfully original and interesting.

Among those who enjoyed the affair were Mrs. Orrin D. Miller, Mrs. J. Woodbury, Mrs. J. L. Pease, Mrs. A. C. Foster, Mrs. H. W. Kent, Mrs. E. C. Von Helms, Mrs. E. D. Yorker, Mrs. G. A. Willard, Mrs. R. L. Gensler, Mrs. C. G. Lane, Mrs. J. M. Van Slyke, Mrs. Thomas Bennett, Mrs. L. L. McDonald, Mrs. Eugene Butts, Mrs. F. L. Platt and Mrs. Herbert Lang.

A reading of Charles Warren Stoddard's "Chumming With a Savage" was contributed by Mrs. M. B. Carroll, and an original story of old California by Mrs. Albert Smith was read by Mrs. Clarence Lane. Then the party adjourned to the breakfast room.

A long table was decorated in the colors of Spain. Scarlet geraniums and yellow buttercups were used in brilliant Andalusian profusion. At each place were small Spanish and American flags, the former for local color and the others for patriotism. Also for a touch of local color Mrs. C. W. Kinsey, the curator, who presided, wore a Spanish lace mantilla with dignity and grace.

The breakfast was an interesting and most delectable affair. Only Spanish viands were served, with a grateful accompaniment of ice water, though chocolate was the beverage. There were chile con carne, tortillas, frijoles and ensalada de tomato, with cafe dulce at the end.

After speeches and toasts Mrs. E. S. Michaels, who was guest of honor, read a sketch of "Emperor Norton," the famous old derelict, who was a familiar and impressive figure of early days in San Francisco.

WELLS-BARBOR WEDDING.
The marriage of Miss Mildred Wells and Donald Barbour was a pretty home affair at the residence of Judge William S. Wells in Telegraph avenue last evening. It was a pink and white wedding, roses and apple blossoms being used in the decorations.

which were unusually lovely. The attractive bride was a picture in her wedding gown of white satin, beaded in silver and shimmering with silver lace. Her tulle veil was held with a wreath of orange blossoms and she carried a shower bouquet of white orchids and valley lilies.

The maid of honor, Miss Anna Barbour, wore a gown of rose color charmeuse and carried pink roses. Rosalind Marshall was the best man and there were no other attendants.

Mrs. William S. Wells Jr., who was Miss Lilla Marshall, a bride of two months ago, wore her wedding gown of white tulle and lace. After the ceremony there was a wedding supper and later the young couple departed on the wedding trip. On their return they will make their home at the Wells residence.

A BRIDE THIS EVENING.
Miss Juliette Marzani, who will become the bride of Roscoe Glover Downs this evening, was a pretty picture at the Hotel Oakland Monday afternoon. She wore a gown of American Beauty chambray with a light straw hat trimmed in the same vivid tones. Mrs. Barbour had a dozen guests who included Mrs. Zeno Mauvais, the most honored of the bride, Kenneth Barber, and Farford Wheeler, the small son of Mr. William S. Wells.

After the ceremony a wedding supper will be served for 150 guests.

BOYNE-KUTZ WEDDING.
One of the interesting weddings of this evening will be that of Miss Mildred Boyne and Charles Kutz, which will take place in St. Paul's Episcopal Church and will be attended by several hundred of the most prominent people of the city. The bride is the daughter of Captain and Mrs. E. P. Taylor of Vernon Heights and has been popular in the Country Club set. She is one of the most beautiful and dainty housewives in society and has ridden in several of the paper chairs held at San Mateo.

Mr. Kutz is the son of Admiral Kutz, who, after his retirement from the navy, established a home in Oakland.

For the ceremony the church will be decorated with branches of apple blossoms.

will be used at the Taylor residence when the wedding follows. The bride will wear a gown of white satin with white lace and will carry a bouquet of white roses.

TWIN AGENTS OF DEATH

(By LILLIAN RUSSELL)

As the people of this age come to realize that some of the most common conditions of life are the most active agents of death, a complete revision of the laws of health is being made. One of the greatest curses with which humanity is afflicted is worry—a fact which has been pointed out with great frequency during recent years.

Serving death and shoulder to shoulder with worry is that twin agent, despair.

Worry does not always completely vanquish an individual, for there is a certain amount of philosophy in all of us which insists upon a compromise rather than an unconditional surrender. One may worry to a certain degree without

whether it be a matter of health or financial affairs, or any other matter, it is dangerous to give up hope, spirit, the will, and embrace despair.

The body is a machine, and being a machine it is subject to the laws of mechanics. It is a machine that can be broken down, and it is a machine that can be put back together again.

Answers to Queries.

Q.—There is usually some pimples breaking out on the face. Ingestion will sometimes cause this. Do you eat a lot of sweet, rich food?

A.—I would advise you to stop the use of sweet, rich food. Eat simple, nourishing foods. Leave the pastries and rich foods alone. Severe cases deserve more extended treatment, but for the occasional pimple which annoys every one once in a while the following recipe is effective. Five grams lanolin, five grams sweet almond oil, five grains sulphur precipitate, two and one-half grams oxide of zinc, and ten drops extract of violet. If there is any pus in the pimple cover it with a sterilized needle, apply the ointment, and then rub with a soft cloth. Afterward rub a little of the above cream on the pimple and unless there is some peculiar infection it will heal quickly.

WILD FLOWERS ON EXHIBIT AT CITY MUSEUM

(By BETTY MARTIN.)

As a factor in popular education the City Museum has been doing a fine job of what might be termed a continuous flower show, devoted exclusively to the native flora. This work is carried on almost entirely by members of the museum staff, most of whom are nature lovers. During the month of May two hundred varieties of flowers were shown, as many as one hundred and seventy being on display at the same time.

The Elmhurst Mothers' Club will give a vaudeville and motion picture show at the Grand Theater on Nineteenth avenue and East Fourteenth street on Friday afternoon and evening, April 17. A fine program has been mapped out, including the sale of home-made candy and ice-cream cornucopias. In order that the school children may enjoy this entertainment the museum is set for 3.00 o'clock.

The proceeds of this performance will be used to equip the school band.

AWAKENS AS FIEND UPLIFTS BLOODY AXE

PLEA STAYS HAND OF MANIAC

Young Farm Hand Slave Employed and Threatens Sister of Victim.

HUNTINGTON, N. Y., April 15.—Miss Mary Sammis who lives on a Long Island farm, awoke early today to find a man with a bloody ax in his hands standing by her bed. In the dim light she recognized Frank Fowler, a young farm hand who had been in the house. "I've just killed your brother upstairs," said Fowler, "and I'm going to kill you, too."

"I've always been kind to you, Frank," pleaded the woman, "and you have no reason for harming me."

"That's right," answered Fowler. "I guess I won't kill you, but I'll go away." And he walked out of the house leaving the ax behind him.

Miss Sammis went up stairs and found her brother Frank's body on the bed.

The police believe Fowler is insane. They were searching for him today. The girl and her brother lived together on the farm which they owned jointly.

TAKES LIFE AFTER HIDING IDENTITY

Aged Man Fires Bullet Through Brain in Shed Attached to Hotel.

SAN FRANCISCO, April 15.—After destroying every mark of identification, an aged man, apparently about 60 years old, shot himself through the head in a shed attached to the Beach Hotel on the Ocean Boulevard some time during the night and was found at 7:15 this morning. His body was discovered by Frank Kesslering of 622 California street, who notified Captain Nelson of the life-saving crew. Deputy Coroner Becker responded to call for the morgue wagon and on searching the body discovered a pen-knife, a pair of spectacles, a gold pin and two handkerchiefs. The deceased was five feet eight and a half, clean shaven, white hair, medium build. He wore brown clothes of good material, a dark overcoat, a black derby hat and a purple necktie. The 25-caliber revolver which he had used was clasped in his hand.

Strauss Urges Repeal Of Tolls Exemption

WASHINGTON, April 15.—The Panama Canal tolls exemption was supported today before the Senate commerce committee by Oscar S. Strauss, former secretary of commerce and labor. He discussed the treaty question adding that a strong nation could afford to correct mistakes.

"Let us emphasize that our word is as good as our bond," he urged, "and that our bond is not open to technical construction or even to quibbles, and that we will fulfill it not only to the letter, but in accord with a broad and liberal spirit."

Strauss contended that an exemption would not profit consumers, but coastwise vessels alone.

WASHINGTON, April 15.—William Czapka, special envoy of Queen Eleanor of Bulgaria was here today to arrange for the proposed visit of her majesty to the United States. The object of her coming is to investigate methods of hospital administration and relief work.

Dr. J. D. Powell, a former Sacramento dentist who has been living in Oakland for the last few months, died of apoplexy at the Emergency Hospital last night following a stroke in a Broadway restaurant. Dr. Powell was about 56 years of age and has been employed with the firm of F. R. Dunn & Company. He was well-known in Sacramento and was well-to-do financially. LOCAL 'COPS' JAIL CONVENTION BLOOMERED AND BEWITCHING

WHEN CROOKS ARE AWAY THE COPPERS WILL PLAY. WOULD YOU OBJECT TO BEING ARRESTED BY THIS BUNCH? LEFT TO RIGHT—INSPECTOR B. A. WALLMAN, CORPORAL THORNBERRY, PATROLMAN JONES, CAPTAIN CHARLES BOCK AND PATROLMAN ED O'DONNELL.

Y. M. C. A. Dignity Gets Severe Shock From Police Team; and as for the Neighbors!!!!

Convention was handed a swift kick and Y. M. C. A. dignity considerably shocked yesterday when a women's volleyball team, bloomered and bewitching, invaded the brick building on Telegraph avenue and nearly precipitated a riot.

The visitors flitted outrageously in the corridors of the building, practiced for the game on the roof of the building, and with such abandon as to shock the neighbors; and smeared rouge and face powder all over the walls of the gymnasium.

Naturally enough, loungers in the handsome club rooms spread the alarm, and masculine "fans" replied to telephone calls in such numbers that the "S. R. O." sign had to be hung out.

ADDS TO MISFORTUNE.

To add to the misfortune of Secretary Martin, the Y. M. C. A. building at the time was full of police officers and patrolmen practicing their daily gymnasium stunts.

It so happens that one of the best means of reducing a fat corporal's waist line is "volley ball" which is basket ball only a little bit more so.

The handsome club rooms formed a police team and challenged the Bloomer Girls. The challenge was accepted.

The game between six of the most seductive sirens who ever winked at a copper; and six of O. P. D.'s most gallant officers was surely a new epoch in "Y" annals. The feminine athletes were in the lead in a fast and furious combat, when Captain Agnew reached over the net and grabbed the leading lady by the pompadour. The lady's hair came off, revealing the powdered and perspiring features of Police Captain Bock.

FURY ON RAMPAGE.

With a howl of fury, the other players of the team rushed toward the dividing net and chased their fair opponents around the gymnasium floor. Hampered by wigs, hairpins and other articles with which they were not familiar, Inspector B. A. Wallman, Corporal John Thornberry, Patrolman J. H. Jones and Patrolman Ed O'Donnell were cornered and compelled to disclose their identity. Agnew was in favor of swearing to war-rants accusing Bock and his "chickens" with impersonating females, contrary to the peace and dignity of the O. P. D.

Agnew framed the hoax, and the disclosure was not made until the police team had won 21 to 12. A return game has been arranged for next Friday evening.

But meanwhile, the neighbors around the Y. M. C. A. building who caught a glimpse of Marcelle waves, Madame Pompadour wigs, and Grecian hair dressed on the roof top are selling reserved seats, strictly on the Q. T. you know!

SEES APPARITION

Face of Man Killed by Auto Appears to Berkeley Resident.

BERKELEY, April 15.—Charles C. Hull, a young electrical worker, residing with his parents at 2108 College avenue, claims to have seen last evening a strange apparition, the face of a deceased friend, that brightened suddenly in the clear air in a dark room where he was telephoning, persisted for an hour or more, while members of his family also saw it, and finally dissolved as mysteriously as it had come. It was the face, as it had come, of Harry C. Herald, a friend killed a year ago in an automobile accident at Twenty-second street and San Pablo avenue and buried a year ago Sunday.

Hull declares he had gone about 1:30 p. m. to a hall to use the telephone. The room was in darkness. His father and mother, Mr. and Mrs. C. W. Shaw, and his sister, Miss Viola Hull, sat in an adjoining room reading. Suddenly he looked up, he saw a face in the darkness and, as it had come, it was the face, according to Hull, of Harry C. Herald, a friend killed a year ago in an automobile accident at Twenty-second street and San Pablo avenue and buried a year ago Sunday.

FACE BATHED IN LIGHT

"It was life-size of just the face of Herald," Hull declared this morning. "There was a sort of thin haze about it and it glowed in the darkness with an unearthly sort of light. I was considerably startled for a moment, and finally thinking it some sort of an optical delusion, called to my sister. Thinking I was fooling she did not come at once, but when she did come she saw the vision as plainly as I. Then I called out 'Mother' and mother, and they saw it, and a friend, whom we summoned by telephone and who arrived a half hour later, saw it as plainly as did we."

"I cannot explain the vision. All I know is that it occurred. It was very life-like except that the features were pale. I did not approach the vision, nor did the others, and finally it faded from sight. It was several feet from the floor, about the height of a man's head, but there was no body beneath it apparently."

Herald and a friend were riding in an automobile when they lost control of the machine and it ran into a pole. Both men were killed. Hull declares he had not been thinking of Herald and that he had not suffered any mental trauma.

ESTIMATING TRAFFIC AT CANAL

Isthmian Railroad Figures Index of Enormous Business Promised.

Evidence of the extent of the traffic which may be expected to pass through the Panama Canal are given in figures made public today by the Department of Commerce which show that in 1913 two small isthmian railways carried \$130,500,000 worth of merchandise brought by vessels from the United States and later shipped to other ports in the United States and foreign countries. Of the two small railways moved westward, the remainder moved eastward.

Only a few American ports participated in the traffic. New York leading with \$34,000,000, San Francisco second with \$22,000,000 and Hawaii third with \$12,000,000. Many of the shipments were from New Orleans to the west coast of South America. From San Francisco large shipments went to Germany, France, The Netherlands, England and Belgium.

The Tehantepec route, which is 190 miles long, carried \$9,500,000 worth of the traffic, and the Panama railway, forty miles long, carried \$31,000,000.

The total amount was double that shipped by the same routes in 1908, one year after the opening of the Tehantepec line. Manufacturers supplied most of the westbound traffic, and sugar, fruits, wines, wool and salmon most of the eastbound traffic between Atlantic and Pacific ports of the United States. Quicksilver, manufactures of leather, hops, copper, chemicals and lumber also figured in the movements of merchandise southward along the Pacific coast, eastward across the isthmian railways, and northward along the Atlantic coast to the leading coast cities.

New York's large shipments by sea of this vessel-rail-vessel route went chiefly to San Francisco and other Pacific coast cities. Hawaii, Panama, Ecuador, Salvador, Cuba, Mexico, Honduras, Nicaragua, Colombia, Bolivia, Canada, Guatemala and Costa Rica.

Hawaii's isthmian traffic all passed over the Tehantepec line and included \$17,855,000 worth consigned to Delaware, breakerwater and \$100,000 to foreign countries.

Hearings will be extended for some time, but whether the resolutions will be pressed for passage at this session of Congress has not been determined.

ASTOR WILL LIVE, SAY DOCTORS

Crisis Reported Passed in Illness of Heir to Millions.

Wedding Plans May Be Changed Through Groom's Illness.

NEW YORK, April 15.—The condition of Vincent Astor, who became suddenly ill Monday at the Hopland house, Staatsburg, N. Y., the home of his fiancée, Miss Helen Dinsmore Huntington, daughter of Mr. and Mrs. Robert P. Huntington, was reported improved early today. Until early yesterday morning Astor's condition was considered dangerous by the four physicians in attendance. Later in the day it was believed that the crisis had been passed, the patient showing marked signs of improvement.

Astor's illness was diagnosed as acute congestion of the right lung, resulting from a severe cold which he contracted last week aboard his yacht, the Noma, on a trip to Bristol, R. I., to inspect a yacht being built there as a possible defender of the America's cup. On Sunday he was confined to a cold, but it was not until Monday, while visiting his fiancée, that symptoms of pneumonia developed.

Whether plans for the wedding of Astor and Miss Huntington on April 30 will have to be changed depended, it was announced at the Huntington home this morning, upon the results of the patient's recovery.

On the death of his father, John Jacob Astor, who was one of the heroes of the Titanic disaster two years ago, young Astor came into possession of the greater part of the Astor fortune, valued at \$37,000,000. He is fifth in descent from the original John Jacob Astor. Vincent Astor is 23 years old.

This afternoon the physicians expressed that Astor was doing well. They said they believed he would mend quickly, provided no complications of a serious nature developed.

"And the Green Grass Grew All Around"

There have been many sorts of freak home runs, but the Fruitvale S. J. S. team comes to the fore with the story of a four-circuit swing directly traceable to a pair of green glasses worn by their center fielder, Bill Russell. The glasses were the result of the doctor's orders, and worked fine as long as the ball remained in the air. But at a critical time in the game with the Brown Brothers' nine Sunday, someone smashed a grounder out to Bill's territory. Bill began running uncertainly around in circles, up and down and hither and yon. He appeared to be deeply perplexed, not to say bewildered. Meanwhile the batter circled the paths for a home run.

The left fielder ran out and picked up the ball from between Russell's feet. "Oh, Bill, that's where it was, was it? The green glasses to the rescue, as they say."

gasted green ball. "I'll use yellow glasses next Sunday,"

Please give me the history of the so-called reserve clause. Oakland Fan.

Baseball organizations in 1882 formed what was known as the national agreement, a tripartite bond between the National, American and association and the Northwestern league. This body proposed to bring into its organization all regular forms of ball clubs for the purpose of protecting club interests and settling disputes which might arise between leagues or clubs or players and leagues.

The National league had in 1890 adopted the first reserve clause, but it was not until 1901 that the reserve clause was adopted by the other leagues. This made it necessary for a manager to sign a player ten days before release. This release then ended the contract between player and manager.

The reserve clause was thought absolutely necessary to protect ball clubs, prevent the constant jumping of players and subsequent high bidding for services by the wealthier clubs.

Later, upon legal advice, the reserve clause was changed so that the contracts called for a certain sum of money for signing a contract for the year and a certain additional sum, usually twenty-five per cent, for agreeing to sign a similar contract for next year. This sort of reserve clause has also been now ruled invalid or rather unenforceable in a court of equity, the elements of mutuality and definiteness being lacking.

However, all clubs in organized baseball will still respect the reserve clause even though they may not have the courts to fall back on.

"GIRLS, IN THIS LETTER FROM CLAUDIA THERE'S SOMETHING THAT WILL INTEREST YOU"

"It's written after her arrival in Chicago. Listen to what she says about her suit—the one she bought at Cherry's just before she left for the East."

"I've been thinking my lucky stars for this shepherd check suit, Lenore. It's the biggest comfort—always neat and dainty, and, truly, didn't see a single suit either on the train or here in Chicago that looked more stylish than mine."

"It was when I was in New York, as cheap as I did—\$15.00. Lenore, there's not another store in Oakland that would have had a suit as good as mine for \$15.00."

"I could see the surprise on Claudia's face when I took her to Cherry's and she saw that splendid dress of suits for \$15.00—repairs and alterations checked and mended, and the dearest wool poplins, suppose you girls all know Cherry's address is 515 13th St. for ladies and 523 13th St. for men's clothing. These stores are between Washington and Clay St. The San Francisco stores are at 1609 Market and 240 Mission St. Los Angeles address is 635 So. Broadway."

FLOWER EXHIBIT CLOSING WITH RECORD ATTENDANCE

SAN LEANDRO, April 15.—The annual flower show which closed last night, was a record-breaker in point of attendance and the number of exhibits. Principal Guy C. Smith and his assistants have been warmly congratulated on arranging such an attractive display of native and cultivated flowers and plants and botanists from the bay cities declare that the exhibit was one of the finest and most comprehensive gathered together in this part of the State. In all nearly 400 varieties of wild flowers from all parts of California were exhibited. Hundreds of visitors from Oakland, San Francisco, Berkeley, Alameda and other bay cities, inspected the flowers and plants yesterday.

MISS ANGLIN SHINES IN ROLE
Actress Shows Consummate Art in Part of "Erylnee."
(By MYRON C. FAGAN.)
Easter Monday ushered in an avalanche of new productions in fact, the theatrical map is soon to undergo a complete change.
One of the best of all the attractions on view in this city is Margaret Anglin's performance of Erylnee in "The Girl from Bond Street." As we all know, the role of Mrs. Erylnee is one that might lead the average actress to believe that she is playing the game of life so badly as to cheat herself out of a daughter is a character likely to fill the actress who plays it with self-pity. But Miss Anglin knows her art too well. Never for a moment, not even when words are like so many daggers to wound her, does she play for sympathy.
This revival is in very good hands this year, Miss Anglin being well supported by Mrs. LeMayne as the duchess, Miss Margaret as the actress, and Pedro de Cordoba as the young husband.
Last week's activities ran exclusively to revivals, the Shubert theater being given over to Gaby Deslys and Sam Bernard, who appeared in a revised edition of "The Girl from Bond Street," now known as "The Belle of Bond Street."
First honors went to Bernard in his old role of Hoggenheimer. He played the part with the same old hands brought to it in the days when "sufficiency" was the byword on Broadway.
Gaby makes a beautiful "belle" and is proving possession of real histrionic powers. Others in this revival are Harry Lane, Lawrence D'Orsay and Lottie Collins. But it was sputtering Sam Bernard and disdaining Gaby Deslys who carried "The Belle of Bond Street" into the high way of success.
"THE TRUTH."
The production of "The Truth," which Winthrop Ames presents to the New York public this Easter week, can scarcely be called a "revival," although the play is not a new one. As a matter of fact, "The Truth" has not been seen in New York. It was given for two weeks only and at special matinees. The play was extremely popular throughout the country as well as in Europe, where it has been played more than any other American comedy.
Clyde Fitch's play, which Mr. Ames is presenting at the Little theater, has probably been translated into more languages than any other American play. It has been given in practically every country of Europe, and there are versions of it in German, French, Italian, Norwegian, Danish and Swedish. Mr. Fitch's first real London success was this play. It ran for a year in London, where Marie Tempest played the role allotted to Grace George in the present production.
The Ohio exhibitors surely reckoned with little consideration of such a case, and now seems that the many rumors to the effect that the Vitaphone Company was embarking in the exhibiting business on a large scale have been started, but are all unfounded. This is shown by an announcement that the Million Bid and "Goodness Gracious" are being released to the public through the General Film Company.
The Vitaphone theater opened Saturday night, February 7, 1914, with the policy of four shows a day. The pictures displayed were "A Million Bid," a five-reel drama from the play "Agnes" by George Cameron (Mrs. Sidney Drew), and "Goodness Gracious," a three-reel comedy, evolved principally by J. Stuart Blackton and staged and elaborated by James Young.
These two feature pictures have continued to pack the Vitaphone theater regularly every day.
TO BOOK PICTURES.
Announcement is made by the Shubert theatrical interests that a new company has been formed, to be known as the Shubert Feature Film Booking Company, for the purpose of booking picture pictures to be made from a long list of dramatic and musical comedy productions controlled by the Shuberts, W. A. Brady and other dramatic managers. The total number of plays thus made available for picture production approximates about 200, many of which are noted successes.
Joseph L. Rhinock is president of the new corporation, Jules Murray manager, and Lou Weed the booking agent. J. E. Brulature and Ch. Jourjon, of the Eclair Company, are said to be interested in the enterprise.
Practically all of the new booking agency is now under way at the Eclair studio at Fort Lee, and unfortunately some of the negatives were destroyed in the fire that burned the Eclair factory two weeks ago. But the plans for the new Eclair factory and studio are designed to take care of the large enterprise contemplated by the organization of the Shubert Feature Film Booking Company.
WRITING SCENARIOS.
One of the most absorbing topics of the day is the motion picture play and how it is made. Beyond a doubt at least half of those who read this newspaper are ambitious to write moving picture plays, or scenarios, as they are commonly called. Most, if not all, of those who are successful in this fascinating vocation are unfamiliar with the methods employed by the professional motion picture play writer.
Following is what can best be described as a "movie" dictionary, giving a few of the more important technical terms used in the movies that should be known to writers of plays:
Business.—The detailed action of the scene is the position taken with the performers about eight feet from the

MARRIAGE DIDN'T REFORM CLEO PROVES DESERTER

MRS. CLEO HENRIETTA BARKER BROWNING, WITNESS IN BIXBY CASE.

Fair Bixby Accuser, in a Letter, Confesses Faithlessness.

SAN FRANCISCO, April 15.—I married her to reform her," Joseph H. Browning said of his wife, when he was heard before Judge Cerf in an application for divorce. Browning admitted he failed and the court awarded him a divorce.

Mrs. Browning was Cleo Barker, a witness in the sensational trial of Charles Bixby in Los Angeles. Browning said he knew her as a girl and that when he met her in Los Angeles a few months ago he felt as if she needed a protector.

"I thought I could reform her, but she deserted the soon after marriage," he told the court. "I don't know where she is now, but I think in Los Angeles."

The divorce was granted when Browning produced a letter from his wife in which the latter declared herself attached to another.

JEALOUS HUBBY AMUCK WITH GUN

"Bennie" Michaels Smashes Panels, Threatens Clerk and Cools Off in Bathroom.

SAN FRANCISCO, April 15.—Insane jealousy of his wife from whom he has been separated for three weeks, is believed to have caused Bernard Michaels, better known as "Bennie" Michaels, proprietor of a half dozen motion picture theaters here, to have run amuck with a revolver. After he had threatened the night clerk of one hotel, smashed the glass panel of the door of his wife's apartment in a vain attempt to enter, in a second hotel, and taken refuge in a bathroom, he was arrested by the police and held on a charge of assault with a deadly weapon.

Michaels has been out of the city for several days and returning this morning he imagined that his wife was accepting the attentions of another man. He went to the Bronx Hotel, 333 Kearny street, where she resides, and proceeded directly to her apartment, room 43. He refused him admittance and with one blow he broke the glass. He failed to get in and fled screaming to the street.

Here he inquired of the man of whom he was jealous, and was told that no such person was registered. Trapped, according to Contab, he dashed a revolver. The clerk jumped beneath the counter, ran to the door and blew a police whistle.

Corporal Foley, Patrolman Moore, Hurley, Lane and Brannan responded. After some difficulty they arrested Michaels in the bathroom on the fifth floor, where he had hidden himself and found his pistol lying at the bottom of a light well, where he had thrown it.

EFFICIENCY SYSTEMS HELD AS HARMFUL

WASHINGTON, April 15.—The Industrial Relations Commission today continued its investigation of the "scientific shop management systems," receiving, in addition to its already voluminous testimony, more diversified opinions.

James M. Dodge, an employer, and Carl G. Barth, an efficiency expert, both of Philadelphia, declared strongly in favor of scientific management, as did also Charles W. Mixer of New Haven. F. J. Conlan, a labor official, however, asserted that efficiency systems were harmful to the best interest of the employees and vigorously opposed their introduction in industrial establishments.

WON'T TREAT WOMEN ON 'EQUALITY' WITH MEN

LONDON, April 15.—The report of the royal commission appointed two years ago to investigate the conditions of employment in the civil service was issued tonight. It shows a considerable divergence of views but the majority of the recommendations will make no drastic changes either in the methods of selection or in conditions. With regard to women, the idea of being treated on an equality with men is rejected but it is recommended that the employment of women be extended where it is possible at higher rates of pay.

BATTLE FOR LIFE IN BAY WATERS
Two Men Saved, One Missing, After Harrowing Experience.
With the fog wreaths swirling above them, the darkness pressing murkily around them and the treacherous currents beneath tugging them down to death, three men fought for their lives in the waters of the bay off Alcatraz Island and Mission Point, when their launch capsized soon after 10 o'clock. All three—George Ruess of Suisun, Ernest Lewis of San Bruno and Charles Witten of Alviso—are employees of C. J. Ruess, a dredging contractor of 2005 Nineteenth avenue, Elmhurst, and they had been working on a job near Suisun. Ruess and Lewis were brought safe to San Francisco yesterday morning after narrow escapes from water graves, but the fate of Witten is unknown.
Ruess, who is being sheltered in the Elmhurst home of his employer, is nearly out of his mind with grief and remorse at the death of his associate, Witten. Ruess was steering the launch jessade at the time of the midnight disaster, and insists on blaming himself for the fate of his comrade.
On Monday afternoon the three men started from Suisun to bring a steam dredging shovel to San Francisco for repairs. Soon after leaving Marinina, where they had stopped to take dinner, they got into difficulties owing to the thick weather which had begun to settle upon the bay, and just before midnight they had to admit to themselves that they had lost their bearings.
LAUNCH CAPSIZES.
The noise of whistles and sirens indicated to the men that they were off Alcatraz Island, but headed on the wrong course. Hastily they reversed the gasoline engine of the jessade, only to crash on to the rocky shore of the island.
The force of a collision capsized the launch and it began to sink. The three men scrambled into a dingy which they had trailing astern, but before they could get their perifer the launch went down, dragging the smaller craft with it, hurling the three men into the water.
Ruess, who cannot swim, managed to catch a floating plank and was whirled out into the channel by a swiftly running flood tide. He was plucked up an hour later near Goat Island by the Government power-boat Alcatraz, which had put out from the island when the shrieks of the drowning men rang across the waters.
Lewis, who managed to seize a life-preserver which had floated clear from the sinking jessade, later was thrown a rope and dragged ashore by a senry on the island.

NEW YORK, April 15.—A national foreign trade convention will be held in Washington on May 27 and 28 under the auspices of the American Manufacturers' Export Association and the Pan-American Society. The purpose of this gathering, announced here today on behalf of industrial and commercial organizations and business concerns in many cities is "to give expression to the views of men representing the productive activities of the country in regard to the more effective promotion of American commerce in the markets of the world."
Chambers of commerce, boards of trade and manufacturers' associations in sixteen states and the District of Columbia have promised to send delegates, according to the announcement.

REGENTS PUT O. K. ON YEAR'S PLANS
Budget Authorizes Expenditure of \$2,819,897 For Fiscal Term.
SACRAMENTO, April 15.—The board of regents of the University of California has approved the expenditure of \$2,819,897.46 for the year ending June 30, 1915.
This sum includes an estimated expense of \$1,784,131 for maintenance of the university work, \$844,278 for buildings, the class of 1915, \$615,500, which individual donors have given for the university hospital, and \$122,555 for special school, the university summer season, scholarships and prizes.
Approximately two-fifths of the contemplated expense of the university come from private gifts or income on gifts previously made.
The balance comes from the State. The University of California is paid by students in chemistry courses and from the sale of agricultural produce at the State farm and dairy.
LIBRARY FEE CREATED.
The regents yesterday established a new library fee of \$1.50 per half year, to be paid by all students in the professional schools, and the fee of \$1.00 per half year for the students in the college of jurisprudence. This fund will be devoted to the purchase of books.
A \$15,000 addition to the drawing building, at 8th and Euclid avenues, was authorized by the regents.
The faculty club was given permission to add to its present building, and plans were approved for the new running track, which the students will build west of the field at a cost of \$35,000.
Forty thousand dollars was voted for the erection and equipment of an addition to the chemistry building.
The University of California is paid by students in chemistry courses and from the sale of agricultural produce at the State farm and dairy.
